Plastination and other services

01.01.2020

“Take the facts in your own hands – look and see for yourself!” (Agassiz). Plastinates, preparations and embeddings show the authentic anatomy and make things crystal clear: for the museum visitor, customer, colleague, student and for yourself.

I can offer:

- Sheet plastination
- Silicone figure plastination
- Corrosion and surface casts
- Specimens and exhibitions for rent
- Selective Impregnation, injection and staining techniques 69,5/98
- Embeddings of all items, medical products, memorabilia, etc
- Individual solutions for visualising medical and biological topics
- Anatomical photographs and image prints, anatomical charts
- Skeletons, individually prepared anatomical models, etc.
- Plastination and preparation services for diagnostic and research purposes
- Consultation about anatomy, embedding, preparation
- Laser engravings, Acrylic stands for plastinates and embeddings

Prices for plastinates depend on preparation technique, size and additional effort:

SE	Available for	cm max.	price €
SE 10	embeddings of non-anatomical objects (incl. teeth)	12	69,50
SE 15	+ sheet plastinates and hybrid sheets	18	98,50
SE 20	+ all available sheet plastinates and combined embeddings*	25	159,00
SE 25	+ sheet plastinates with consultation, surface cast specimens	30	289,00
SE 30	+ figure plastinates, corrosion cast specimens	35	450,00
SE 35	+ projects with specimen obtaining (additional costs not included)	40	660,00
SE 40	+ projects with planning and specimen obtaining (add. costs not incl.)	50	1010,00
SE 50	+ all others	60	1.445,00
SE 60	Prices for plastinates > SE 60 on request	75	2.260,00

Prices excluding postage and VAT (19% VAT apply for EU customers without VAT ID Nr.).

Discover the fascinating beauty and complexity of life in a real anatomical plastination specimen.

*Combined embeddings: min. 69,50 € per embedded specimen.
